

LEADING MANUFACTURER

TRANSMISSION PRODUCTS

A leading manufacturer and designer of string fittings and hardware and have supplied throughout the world complete packages of power line hardware for transmission networks for voltages up to and including 500kV.

These are lines covering large distances with individual geographic and logistical needs and PLP has always proved its worth as an on-time reliable supplier.

PLP's technical background and up-to-date design software and hardware are capable of meeting the challenges of tomorrow.

› **INSULATOR STRING HARDWARE**

- Suspension
- Tension

› **EARTH WIRE STRING HARDWARE**

› **PRODUCT FOR SPECIAL APPLICATION**

- Hardware for High Temperature Conductor
- Hardware for Extra Long Span Application

› **CONDUCTOR ACCESSORIES**

- Mid Span Joint
- Vibration Damper
- Spacer Damper
- Spiral Vibration Damper
- Rigid Spacer
- Air Warning Sphere
- Wildlife Protection & Deterrent

Armor-Grip Suspension

Cushion-Grip Suspension

Pivot Suspension

Compression Dead-end Tension

Preformed Armor Rods

Stockbridge Vibration Dampers

Spacer Damper

Rigid Spacer

Compression Mid Span Joint

Air Warning Sphere
