

# Low Voltage Conductor Spreader Rods

## Spreader Rod

The PLP Low Voltage Conductor Spreader is an economical multi-phase spacer and is available for use on low voltage (415 volt) systems to prevent conductors clashing which may cause bush or grass fires in remote rural areas and/or damage conductors.

Part Number	Overall Length (mm)	Diameter (mm)	Standard Pack Quantity
FGSR-125-2	2000	12.50	25
FGSR-125-2.1	2100	12.50	25
FGSR-125-2.3	2300	12.50	25
FGSR-125-2.5	2500	12.50	25
FGSR-125-2.7	2700	12.50	25
FGSR-125-2.8	2800	12.50	25
FGSR-125-3	3000	12.50	25
FGSR-125-3.7	3700	12.50	25
FGSR-190-2.4	2400	19.00	50
